# NSTF-South32 Awards

Today's research ... tomorrow's innovation

## Finalists announced: NSTF-South32 Awards 2021/2022

**Recognising excellence and outstanding contributions to science, engineering and technology (SET) and innovation in South Africa #NSTFawards2022**

The [National Science and Technology Forum \(NSTF\)](#) is pleased to announce the finalists contending for the prestigious 2021/2022 NSTF-South32 Awards. This is the 24th year of the annual [NSTF-South32 Awards](#).

**The NSTF-South32 Awards:** The [NSTF Awards](#) were established in 1998 as a collaborative effort with [members](#) and stakeholders to recognise outstanding contributions to science, engineering and technology (SET) and innovation by SET-related professionals, teams and organisations in South Africa. This includes experienced scientists, engineers, innovators, science communicators, engineering capacity developers, and organisational managers/leaders, as well as data and research managers.

**Our partner:** [South32](#) is a mining company that sponsors the annual NSTF Awards for the 7th year now. Says Mr Mike Fraser, Chief Operating Officer of South32, 'Skills in SET are vital in companies like mine, and critical to the future of South Africa and the world. For this reason, I am honoured that South32 is the headline sponsor of the NSTF-South32 Awards.'

**The 'Science Oscars':** The [NSTF-South32 Awards](#) are referred to as the 'Science Oscars' of South Africa. They are the largest, most comprehensive, and sought-after national awards of their kind in the country. They were also the first science awards in South Africa.

**NSTF-South32 Awards' theme:** The theme for the 2021/2022 NSTF-South32 Awards is **basic sciences for sustainable development**. This is in recognition of the international theme for 2022 adopted by the United Nations: [International Year of Basic Sciences for Sustainable Development](#). The 24th annual [Awards Gala Event](#) will not only celebrate this theme on **21 July 2022**, but also present a [special annual theme award](#) for an outstanding contribution in this area.

## What's new this year?

There are no major changes to the [categories](#) and [criteria](#) this year apart from the [Special Annual Theme Award](#) mentioned above and the following:

- The [Green Economy Award](#): This category is reintroduced this year after discontinuation in 2021, to recognise contributions of individuals or organisations in biodiversity conservation, environmental sustainability and the green economy.

**Awards Gala Dinners and live broadcast:** The NSTF will continue with the hybrid Awards Gala Event introduced last year, with two Gala Dinners taking place simultaneously in Cape Town and Johannesburg while broadcasting live to an online audience from both cities. The broadcast of the event will happen via the [NSTF YouTube channel](#). *The date for the dinners and live broadcast is scheduled to take place on Thursday, 21 July 2022.* Note that the Awards Gala Dinners in both cities will be exclusive to the finalists in their respective cities, as well as the sponsors and VIP guests. The rest of the community will be able to watch the event live from the comfort of their homes. Watch your mailbox for further news.

## The NSTF's vision

A transformed country where SET and innovation contribute to a high quality of life for all who live in South Africa, where the profile of SET professionals is representative of the nation's diverse population and where the education system is effective, particularly in terms of performance in SET subjects and the promotion of innovation.

**Realising the vision:** The NSTF-South32 Awards is the NSTF's flagship event and one among [other strategic activities](#) through which the NSTF realises this [vision](#).

[Partnerships](#) for specific awards (such as with the Water Research Commission (WRC), National Intellectual Property Management Office (NIPMO) and Eskom) recognise contributions that have the potential to make a positive impact in specific critical fields for development of South Africa.

## 2021/2022 NSTF-South32 Awards finalists

It is an extraordinary honour to be a finalist; given the quality of the [nominations](#) received, the fierce competition that nominees face, and the interest from the community every year.

Join the [NSTF membership](#) and pioneering [partners/sponsors](#) in applauding the 2021/2022 NSTF-South32 Awards [finalists](#). These comprise individuals, teams and organisations, as applicable, who have made an **outstanding contribution to SET and innovation in South Africa** under the [categories](#) below:

- *The phrases in italics at the end of the citation of the nominee indicates that a nominee qualified as a finalist under more than one category and mentions the applicable category/ies*
- *Listed alphabetically according to the surname of nominee or name of team/organisation under each category*

### Lifetime Award

- **Prof Emmanuel Iwuoha** – Senior Professor: Chemistry; and Chair (Tier 1): Department of Science and Innovation (DSI) / National Research Foundation (NRF) South African Research Chairs Initiative (SARChI), Nano-Electrochemistry and Sensor Technology, University of the Western Cape
- **Prof Shabir Madhi** – Dean: Faculty of Health Sciences; and Professor: Vaccinology, University of the Witwatersrand (Wits); and Director: South African Medical Research Council (SAMRC) Vaccine and Infectious Diseases Analytics Research Unit (Wits-VIDA); and Co-Director: African Leadership in Vaccinology Expertise, Wits
- **Prof Guy F Midgley** – Distinguished Professor; and Head: Global Change Biology Group; and Interim Director: School for Climate Studies, Stellenbosch University (SU); *and also in the Green Economy category\**
- **Prof Bob Pattinson** – Emeritus Professor: Research Centre for Maternal, Fetal, Newborn and Child Healthcare Strategies, University of Pretoria (UP); and SAMRC Maternal and Infant Health Care Strategies Unit; *and also in the Management category*
- **Prof Gerhard Walzl** – Distinguished Professor; and DSI/NRF SARChI Chair: TB Biomarkers, Sub-specialization in Pulmonology; and Executive Head: Department (Dept) of Biomedical Sciences, Faculty of Medicine and Health Sciences; and Head: Division of Molecular Biology and Human Genetics, Dept of Biomedical Sciences, Faculty of Medicine and Health Sciences, SU
- **Prof Brenda D Wingfield** – DSI/NRF SARChI Chair: Fungal Genomics; and Professor: Dept of Biochemistry, Genetics and Microbiology, Forestry and Agricultural Biotechnology Institute (FABI), UP

### TW Kambule-NSTF Award: Researcher

- **Prof Tamiru Abiye** – Professor: Hydrogeology Programme, School of Geosciences, University of the Witwatersrand (Wits); *and also in the NSTF-Water Research Commission category\**
- **Prof Omotayo Arotiba** – Professor: Department (Dept) of Chemical Sciences; and Director: Centre for Nanomaterials Science Research, University of Johannesburg (UJ); *and also in the NSTF-Water Research Commission category\**

- **Prof Marique Aucamp** – Associate Professor: Pharmaceutics Dept, School of Pharmacy, Faculty of Natural Sciences, University of the Western Cape
- **Dr Hayley Cawthra** – Chief Scientist: Marine Geoscience, Geophysics and Remote Sensing Research, Council for Geoscience (CGS), Cape Town; and Research Associate: African Centre for Coastal Palaeoscience, Nelson Mandela University
- **Prof Michael Olawale Daramola** – Professor and Head: Dept of Chemical Engineering, Faculty of Engineering, Built Environment and Information Technology, University of Pretoria (UP); *and also in the Engineering Research Capacity Development category\**
- **Dr Sharief Hendricks** – Senior Lecturer: Division of Physiological Sciences, Dept of Human Biology, Faculty of Health Sciences, University of Cape Town (UCT); and Visiting Fellow: Leeds Beckett University, England
- **Prof Wanda Markotter** – Professor and Director: Centre for Viral Zoonoses; and Chair: Department of Science and Innovation / National Research Foundation South African Research Chairs Initiative, Infectious Diseases of Animals (Zoonoses); and Research Chair: People, Health and Places, Future Africa Institute, UP
- **Dr Cameron Penn-Clarke** – Scientist: Geo-Mapping, Minerals and Energy, CGS; and Honorary Research Associate: Evolutionary Studies Institute, Wits; *and also in the TW Kambule-NSTF: Emerging Researcher category\**
- **Prof Theresa Rossouw** – Professor: Dept of Immunology, UP

### **TW Kambule-NSTF Award: Emerging Researcher**

Prize sponsor: [proSET](#) (Professionals in SET), a sector of the NSTF representing professional bodies and learned societies

- **Prof Adèle da Veiga** – Associate Professor: School of Computing, Information Systems Department (Dept), College of Science, Engineering and Computing, University of South Africa (UNISA)
- **Dr Tatenda Dalu** – Lecturer: University of Mpumalanga, Nelspruit; and Iso Lomso Fellow: Stellenbosch Institute for Advanced Study, Stellenbosch University (SU); and Honorary Research Associate: South African Institute for Aquatic Biodiversity (SAIAB), Makhandla; and Young Affiliate: The World Academy of Science, UNESCO, Italy; *and also in the NSTF-Water Research Commission category\**
- **Dr Wynand Goosen** – Lecturer (Wellcome Foundation): Animal Tuberculosis Research Group, Department of Science and Innovation / National Research Foundation Centre of Excellence, Biomedical TB Research, Division of Molecular Biology and Human Genetics, Dept of Biomedical Sciences, Faculty of Medicine and Health Sciences, SU
- **Prof Pragashnie Govender** – Associate Professor: Occupational Therapy, School of Health Sciences, University of Kwa-Zulu Natal
- **Dr Ahmed Mukalazi Kalumba** – Senior Lecturer, Head and Founder: Geospatial Application, Climate Change & Environmental Sustainability Research Lab, Dept of Geography and Environmental Science, University of Fort Hare; *and also in the Green Economy category\**
- **Dr Banothile Makhubela** – Senior Lecturer and Director: Research Centre for Synthesis and Catalysis, Dept of Chemical Sciences, Faculty of Science, University of Johannesburg (UJ); *and also in the Green Economy and the Special Annual Theme categories\**
- **Dr Emmanuel A Margolin** – Director: Research and Development, Nant-SA; and previously Post-doctoral Fellow: Antiviral Vaccine Development Group, Division of Virology, Faculty of Health Sciences, University of Cape Town (UCT); *and also in the Special Annual Theme category\**
- **Prof Amir Patel** – Associate Professor: Dept of Electrical Engineering, UCT

- **Dr Cameron Penn-Clarke** – Scientist: Geo-Mapping, Minerals and Energy, Council for Geoscience; and Honorary Research Associate: Evolutionary Studies Institute, University of the Witwatersrand (Wits); *and also in the TW Kambule-NSTF: Researcher category*
- **Dr Simone Richardson** – Senior Scientist: National Institute for Communicable Diseases; and Researcher: Wits (*joint appointment*)

### Management Award

- **Prof Bhekhe Brilliance Mamba** – Executive Dean: College of Science, Engineering and Technology, University of South Africa (UNISA)
- **Prof Bob Pattinson** – Emeritus Professor: Research Centre for Maternal, Fetal, Newborn and Child Healthcare Strategies, University of Pretoria; and Maternal and Infant Health Care Strategies Unit, South African Medical Research Council; *and also in the Lifetime category*
- **Dr Boitumelo Semete-Makokotlela** – CEO: SA Health Products Regulatory Authority
- **Prof Fatima Suleman** – Director: World Health Collaborating Centre for Pharmaceutical Policy and Evidence Based Practice, School of Health Sciences, University of KwaZulu-Natal

### Engineering Research Capacity Development Award

Sponsor: [Eskom](#) since 2003

- **Prof Evans M N Chirwa** – Professor; and Rand Water Research Chair: Water Utilisation, Department (Dept) of Chemical Engineering, University of Pretoria (UP); *and also in the NSTF-Water Research Commission category\**
- **Prof Michael Olawale Daramola** – Professor and Head: Department of Chemical Engineering, Faculty of Engineering, Built Environment and Information Technology, UP; *and also in the TW Kambule-NSTF Researcher category\**
- **Prof Nonhlangabezo (Bezo) Mabuba** – Associate Professor, Deputy Head and Project Leader: Environmental Analytical Chemistry, Material and Processing Science, Dept of Chemical Sciences, University of Johannesburg (UJ)
- **Prof Oluwole D Makinde** – Professor: Applied Mathematics and Computations, Faculty of Military Science, Stellenbosch University; *and also in the Special Annual Theme category\**
- **Prof Sehliselo (Selo) Ndlovu** – Professor: Metallurgical and Materials Engineering; and Chair: Department of Science and Innovation (DSI) / National Research Foundation (NRF) South African Research Chairs Initiative (SARChI), Hydrometallurgy Sustainable Development, University of the Witwatersrand
- **Prof Wellington Didibhuku Thwala** – Research Professor: Construction Project Management and Leadership, Dept of Civil Engineering, College of Science, Engineering and Technology (CSET), University of South Africa (UNISA); and Past Director and DSI/NRF SARChI Chair: Sustainable Construction Management and Leadership in the Built Environment, UJ
- **Prof Marianne Vanderschuren** – Professor: Transport Planning and Engineering; and Chair: DSI/NRF/Council for Scientific and Industrial Research (CSIR) co-funded Smart Mobility Research; and Deputy Dean: Social Responsiveness and Transformation; and Dept of Civil Engineering, Faculty of Engineering and the Built Environment, University of Cape Town; *and also in the Special Annual Theme category\**

### Green Economy Award

- **Council for Scientific and Industrial Research (CSIR) Case Studies Project Team**, “The use of waste materials in road construction project” – Project Leader, Principal Research Scientist and Research Group Leader: Mr Georges Mturi
- **Dr Ahmed Mukalazi Kalumba** – Senior Lecturer, Head and Founder: Geospatial Application, Climate Change & Environmental Sustainability Research Lab, Department (Dept) of Geography and Environmental Science, University of Fort Hare; *and also in the TW Kambule-NSTF Emerging Researcher category\**
- **Dr Banothile Makhubela** – Senior Lecturer and Director: Research Centre for Synthesis and Catalysis, Dept of Chemical Sciences, Faculty of Science, University of Johannesburg; *and also in the TW Kambule-NSTF Emerging Researcher and the Special Annual Theme categories\**
- **Prof Guy F Midgley** – Distinguished Professor; and Head: Global Change Biology Group; and Interim Director: School for Climate Studies, Stellenbosch University; *and also in the Lifetime category\**

### [NSTF-Water Research Commission \(WRC\) Award](#)

Sponsor: [WRC](#) since 2017

- **Prof Tamiru Abiye** – Professor: Hydrogeology Programme, School of Geosciences, University of the Witwatersrand; *and also in the TW Kambule-NSTF Researcher category\**
- **Prof Omotayo Arotiba** – Professor: Department (Dept) of Chemical Sciences; and Director: Centre for Nanomaterials Science Research, University of Johannesburg; *and also in the TW Kambule-NSTF Researcher category\**
- **Prof Evans M N Chirwa** – Professor; and Rand Water Research Chair: Water Utilisation, Dept of Chemical Engineering, University of Pretoria; *and also in the Engineering Research Capacity Development categories\**
- **Dr Tatenda Dalu** – Lecturer: University of Mpumalanga, Nelspruit; and Iso Lomso Fellow: Stellenbosch Institute for Advanced Study, Stellenbosch University; and Honorary Research Associate: South African Institute for Aquatic Biodiversity (SAIAB), Makhanda; and Young Affiliate: The World Academy of Science, UNESCO, Italy; *and also in the TW Kambule-NSTF Emerging Researcher category\**
- **Prof Tafadzwanashe Mabhaudhi** – Professor, Honorary Research Associate Professor and Co-Director: Centre for Transformative and Agricultural Food Systems, University of KwaZulu-Natal

### [Data for Research Award](#)

- **Prof Nigel C Bennett** – Professor; and Chair: Department of Science and Innovation / National Research Foundation South African Research Chairs Initiative, Mammal Behavioural Ecology and Physiology; and Austin Roberts Chair: Mammalogy, University of Pretoria (UP)
- **Centre for Science, Technology and Innovation Indicators (CeSTII), Human Sciences Research Council (HSRC)**, South African National Survey on Research and Experimental Development Research Team – Team Leader: Dr Nazeem Mustapha
- **Network for Genomics Surveillance in South Africa** – Representing the seven Co-Founders: Dr Jinal Bhiman, Scientific Lead: Global Immunology and Immune Sequencing for Epidemic Response South Africa (GIISER-SA); and Prof Tulio de Oliveira, Professor: Bioinformatics, School for Data Science and Computational Thinking, Stellenbosch University
- **Prof Lee Rusznyak** – Associate Professor and Director: Legitimation Code Theory Hub, School of Education; and Principal Investigator: Teacher Choice in Action Project, University of the Witwatersrand

- **Prof Dr Yves van de Peer** – Full Professor: Ghent University, Belgium; and Full Part-time Professor, UP; and Full Part-time Professor, Nanjing Agricultural University, China

### Innovation Award: Corporate Organisation

- **Biopharming Research Unit**, University of Cape Town (UCT) – Director: Prof Edward Rybicki; and Professor: Microbiology, Department (Dept) of Molecular and Cell Biology, UCT
- **INOFID (Pty) Ltd** – Founder and Research Leader: Prof Eric Amonsou, Dept of Bio-technology and Food Science, Faculty of Applied Science, Durban University of Technology (DUT)
- **KZN Industrial Energy Efficient Training and Resource Centre (IEETRC)** – Manager: Prof Ian J Lazarus; and Associate Professor: Dept of Physics, DUT
- **Mining Positron Emission Tomography Research Group (MinPET)** – Team Leader: Prof Simon Connell; and Dept of Mechanical Engineering Science, Faculty of Engineering and Built Environment, University of Johannesburg, *and also in the Special Annual Theme category\**

### Innovation Award: Small, Medium and Micro Enterprise (SMME)

Sponsor: [National Intellectual Property Management Office \(NIPMO\)](#) since 2019

- **Diagnostic Aptamer Technologies Aminotek (DATA) Pty Ltd** – Managing Director and Chief Scientific Officer: Dr Ashley Pretorius; and Managing Director: DHS Healthcare (Pty) Ltd; and Financial Director: MVK Engineering CC; and Director: The Aminotek Group
- **Osta Technologies (Pty) Ltd t/a Osta Bio Materials** – Managing Director: Mr Dimitrios Markoulides
- **Thermtron Scientific CC** – Sponsor and Manager: Dr Jacobus (Kokkie) Swanepoel

### Communication Award

- **Dr Ron Beyers** – Owner: Young Engineers and Scientists of Africa (YESA); and Part-Time Lecturer: Nelson Mandela University
- **Prof Ryan Blumenthal** – Senior Specialist Forensic Pathologist and Associate Professor: Department (Dept) of Forensic Medicine, University of Pretoria; *and also in the Special Annual Theme category\**
- **Dr Daniel Cunnama** – Science Engagement Astronomer: South African Astronomical Observatory (SAAO)
- **Prof Francois A Engelbrecht** – Director and Professor: Climatology; and **Prof Coleen H Vogel** – Professor: Sustainability, Global Change Institute, University of the Witwatersrand
- **Prof Burtram Fielding** – Dean: Faculty of Natural Sciences; and Principal Investigator: Molecular Biology and Virology Research Laboratory, University of the Western Cape
- **Prof Nokwanda “Nox” Makunga** – Associate Professor: Dept of Botany and Zoology, Stellenbosch University
- **Vuwani Science Resource Centre** – Team Leader: Dr Nnditshedzeni Eric Maluta, Coordinator: Vuwani Science Resource Centre; and Head: Dept Physics, University of Venda; and Ordinary Member: International Union of Physics and Applied Physics (IUPAP) Commission-14 for Education Development

### Non-Governmental Organisation (NGO) Award

- **CodeMakers** – Executive Director: Dr Justin Yarrow

- **Gariep Watch** – Team Leader: Mr Fritz Bekker, and Technical Advisor and Co-Founder: Gariep Watch; and Managing Member: Clean Stream

## Special Annual Theme Award: Basic Sciences for Sustainable Development

- **Prof Ryan Blumenthal** – Senior Specialist Forensic Pathologist; and Associate Professor: Department (Dept) of Forensic Medicine, University of Pretoria; *and also in the Communication category\**
- **Dr Banothile Makhubela** – Senior Lecturer and Director: Research Centre for Synthesis and Catalysis, Dept of Medical Sciences, Faculty of Science, University of Johannesburg (UJ); *and also in the TW Kambule-NSTF Emerging Researcher and Green Economy categories*
- **Prof Oluwole D Makinde** – Professor: Applied Mathematics and Computations, Faculty of Military Science, Stellenbosch University; *and also in the Engineering Research Capacity Development category\**
- **Dr Emmanuel A Margolin** – Director: Research and Development, Molecular Farming, Nant-SA; and *previously* Post-doctoral Fellow: Antiviral Vaccine Development Group, Division of Virology, Faculty of Health Sciences, University of Cape Town (UCT); *and also in the TW Kambule-NSTF Emerging Researcher category\**
- **Mining Positron Emission Tomography Research Group (MinPET)** – Team Leader: Prof Simon Connell, Dept of Mechanical Engineering Science, Faculty of Engineering and Built Environment, UJ; *and also in the Innovation: Corporate Organisation category\**
- **Prof Marianne Vanderschuren** – Professor: Transport Planning and Engineering; and Chair: Department of Science and Innovation / National Research Foundation / Council for Scientific and Industrial Research (CSIR) Co-funded Smart Mobility Research; and Deputy Dean: Social Responsiveness and Transformation, Dept of Civil Engineering, Faculty of Engineering and the Built Environment, UCT; *and also in the Engineering Research Capacity Development category\**

**Adjudication:** The selection process of finalists and winners for the NSTF-South32 Awards is made by an adjudication panel of independent judges. They represent [seven different sectors](#) of the NSTF membership. This adjudication panel, in conjunction with the [sponsors and partners](#), review the nominations to select the finalists and winners each year. A panel of experts, appointed by the [NSTF Executive Committee](#), also assists the panel by reviewing and validating the final selections.

## Honouring the Awards finalists and announcing the Awards winners

All finalists will be hosted at the [Awards Gala Dinners](#) in either Johannesburg or Cape Town, as mentioned above. The announcement of the winners (see the list of 2021 [winners](#)) will take place at these events.

## Attending the ‘Science Oscars’

The patron of the Awards, the Minister of Higher Education, Science and Innovation, Dr Blade Nzimande has been invited to preside over the presentation of awards taking place on **21 July 2022**. All finalists together with the sponsors will be invited to attend. The rest

of the community will watch the live-streamed event via the NSTF [YouTube platform](#). Watch your mailbox for news about the [Awards Gala Event](#).

## Media partners and advertising campaign

There are two media partners of the NSTF Awards to ensure national public recognition of the winners, as well as to facilitate the communication of science to the broader public. They are:

- [Business Report](#), carried by The Star, Pretoria News, Cape Times, and The Mercury newspapers
- [Mail & Guardian](#)

Both these newspapers carry [supplements](#) about the winners the day after the Awards Gala Events. Unique advertising opportunities are available for your brand. Contact [Ms Wilna Eksteen](#) to put you in contact with the media partners.

## NSTF Youth programmes

One of the features that make these awards unique is that youth outreach is an integral part of the awards. Two NSTF [Youth](#) outreach programmes are run annually in conjunction with the NSTF Awards.

- The NSTF [Brilliants Programme](#) identifies and celebrates the top achievers in physical science and mathematics from the previous year's matric examinations, who are studying in STEM related courses (the sciences, engineering, medicine, etc). It exposes these young people to the SET community. Eighteen or more first year students (a young man and a woman from each province) are recognised as possible future leaders and innovators. The programme is sponsored by [South32](#), [Department of Science and Innovation](#) (DSI) and the [South African Council for Natural Scientific Professions](#) (SACNASP). [The Lewis Foundation](#) is the sponsor of the [Brilliants Tour](#) to various sites related to SET.
- The NSTF [Share 'n Dare Programme](#) is an output of the NSTF-South32 Awards that profiles [award winners](#) as youth role models. Award winners every year share their experience and knowledge with thousands of young people at SET-related exhibitions and science centres across the country. During the COVID-19 pandemic of the past two years, NSTF introduced a new component to youth outreach programmes by producing career talk [videos](#) of winners. These are widely circulated to schools and social media platforms to reach more young people and the public. They encourage the youth to take up [careers in SET](#). Thousands of South Africans are also reached through radio and TV talks.

*Please forward this email to your colleagues, business contacts and all interested persons to promote the [who's who of SET and innovation in South Africa!](#)*

## About the NSTF

The National Science and Technology Forum (NSTF), established in 1995, is a broadly-representative stakeholder body for all science, engineering and technology (SET) and innovation organisations in South Africa, which seeks to influence policy formulation and delivery.

The NSTF Awards are unique in SA, recognising the outstanding contributions of individuals and groups to SET and innovation.

The science bursaries page provides information on bursaries and bursary providers for science, engineering and related studies.

STEMulator.org attracts learners and students to the exciting world of science, technology, engineering and mathematics (STEM). It provides a virtual world full of stimulating content to excite and inform the youth, including STEM career guidance. Established under the auspices of the NSTF proSET membership sector (Professionals in *science, engineering and technology*).
