NSTF-South32 Awards

Today's research ... tomorrow's innovation

Join the conversation at the annual NSTF-South32 Awards

It's time for the annual National Science and Technology Forum (NSTF)-South32 Awards.

The [finalists](#) and winners will be celebrated at the [NSTF-South32 Awards gala dinner](#) on Thursday, 21 July 2022. South African [contributions](#) by individuals, teams and organisations in science, engineering, technology (SET) and innovation will be recognised and rewarded. The Awards include the NSTF [Brilliants](#) Programme that recognises the outstanding Grade 12 performers in physical science and mathematics from all the provinces – one man and one woman each.

Join NSTF's social media to hear the results as they happen. Who will be named the top minds at South Africa's 'Science Oscars'?

Join the Twitter conversation using [@NSTF_SA](#), #NSTFawards2022 and #NSTFbrilliants2022
Sign up for the NSTF-South32 Awards Twitter feed – go to [@NSTF_SA](#) on Twitter.

Like the '@NSTFSA' page on Facebook to see photos of the awards as it all happens.

Watch the live broadcast of the Awards Ceremony as it happens: [Register](#) your details. After you have registered, you will receive an automated response to confirm your details, whereafter you will be directed to a web page providing the link to the live-streamed broadcast. Download the ICS attachment to schedule the

time in your calendar.

Like the '[@NSTFSA](#)' page on Instagram to see photos of the awards as it all happens.

Follow [National Science and Technology Forum \(NSTF\)](#)

The NSTF now has a profile on [TikTok](#). The app is especially popular among young people, therefore we are posting material suitable to their tastes, such as short videos on STEM-related careers. Please distribute this news widely to spread the word of wonderful career opportunities in STEM.

About the National Science and Technology Forum (NSTF)

The NSTF is the largest national non-profit stakeholder body for all science, engineering, technology (SET) and innovation organisations in South Africa. It has been in existence since 1995 and promotes SET and innovation through collaborative effort.

- It plays a powerful consultative role in SET and innovation [policy matters](#)
- It organises related [discussion forums](#) to facilitate consultation
- It organises the prestigious [NSTF-South32 Awards](#)
- It organises the [Brilliants programme](#) that celebrates the top performers in matric maths and science, and provides motivation and inspiration to them to continue with studies for SET-related careers
- It runs a [publicity and outreach campaign](#) with NSTF Award Winners that promote SET and innovation careers among learners and students, as well as awareness amongst the public
- It runs projects in partnership with its members, including a [bursary directory](#), disseminating news and information, and making bursary and career information more accessible to young people and schools

Assisting the media: The NSTF can assist with any science, engineering, technology (SET) and innovation queries from the media ie finding an appropriate person to interview, finding further source material on a topic etc.

About the NSTF

The National Science and Technology Forum (NSTF), established in 1995, is a broadly-representative stakeholder body for all science, engineering and technology (SET) and innovation organisations in South Africa, which seeks to influence policy formulation and delivery.

The NSTF Awards are unique in SA, recognising the outstanding contributions of individuals and groups to SET and innovation.

The science bursaries page provides information on bursaries and bursary providers for science, engineering and related studies.

STEMulator.org attracts learners and students to the exciting world of science, technology, engineering and mathematics (STEM). It provides a virtual world full of stimulating content to excite and inform the youth, including STEM career guidance. Established under the auspices of the NSTF proSET membership sector (*Professionals in science, engineering and technology*).
