NSTF

S.E.T. for socio-economic growth

The world needs scientists of the calibre of the NSTF-South32 Awardees

Read all about the winners of the 2021/2022 NSTF-South32 Awards

The [National Science and Technology Forum \(NSTF\)](#) has partnered with Mail & Guardian and Business Report (media partners) to publicise the work of the NSTF-South32 Award winners since 2009. The [NSTF-South32 Awards](#) are recognising excellence in science, engineering, technology and innovation in South Africa for the 24th time.

Buy your copy of the 22 July 2022 newspapers of [Mail & Guardian](#) and [Business Report](#) (the latter is an insert in The Star, Pretoria News, Cape Times and The Mercury). The Mail & Guardian supplement is also available online.

Thanks to the advertisers that made the supplements possible! They are:

- Council for Geoscience
- Durban University of Technology
- Human Sciences Research Council
- OSTA Bio Materials
- South32
- University of Cape Town
- University of Johannesburg
- University of Mpumalanga
- University of Pretoria
- University of the Witwatersrand

Please note: The NSTF does not gain financially from these supplements. The intention is to increase awareness among the public of the excellence of the winners and promote science, engineering, technology (SET) and innovation in South Africa.

SET for socio-economic growth.

About the NSTF

The National Science and Technology Forum (NSTF), established in 1995, is a broadly-representative stakeholder body for all science, engineering and technology (SET) and innovation organisations in South Africa, which seeks to influence policy formulation and delivery.

The NSTF Awards are unique in SA, recognising the outstanding contributions of individuals and groups to SET and innovation.

The science bursaries page provides information on bursaries and bursary providers for science, engineering and related studies.

STEMulator.org attracts learners and students to the exciting world of science, technology, engineering and mathematics (STEM). It provides a virtual world full of stimulating content to excite and inform the youth, including STEM career guidance. Established under the auspices of the NSTF proSET membership sector (*Professionals in science, engineering and technology*).
