# NSTF-South32 Awards

Today's research ... tomorrow's innovation

## Final reminder: Call for nominations 2022/2023 NSTF-South32 Awards

**Deadline of 15 December 2022 is looming - register your nominee now**  
**#NSTFawards2023**

The [National Science and Technology Forum \(NSTF\)](#) calls for [nominations](#) for the 25th [NSTF-South32 Awards](#). These prestigious awards focus on science, engineering and technology (SET) and innovation in South Africa (SA). [South32](#) is the co-branding sponsor for the past seven years. As such the name of the awards is the NSTF-South32 Awards.

**NSTF's theme for 2023:** *Ocean science for sustainable development*. This theme was chosen in response to the United Nations (UN) proclamation of the decadal theme of Ocean Science for Sustainable Development for 2021-2030.

**Special Annual Theme Award for 2023:** The NSTF is making a special award this year for *an outstanding contribution to SET and innovation through research and innovation in ocean science for sustainable development*. This Special Award is intended to focus on research and innovation in ocean science in support of attaining the sustainable development goals (SDGs) in South Africa.

**Contributions recognised:** Register nominations for individuals, teams, partnerships and organisations for an **outstanding contribution to SET and innovation in SA**. The contributions recognised are in the following broad areas:

- Scientific research
- Management of SET and innovation and related activities
- Capacity building in engineering research
- Water management solutions
- Clinician-Scientists **NEW**
- The Green Economy
- Data for research
- Innovations and their research and/or development
- Communication and creating awareness of SET and innovation
- Non-governmental organisation activities, which could include technology transfer, and education and training activities
- Ocean sciences for sustainable development

## What's new this year?

The NSTF supports the principle of collaborative, widely-inclusive awards. The NSTF is proud to welcome a new category partner and more prize sponsors of existing categories.

- **NEW NSTF-SAMRC Clinician-Scientist Award:** The South African Medical Research Council (SAMRC) is sponsoring a new award for an outstanding contribution by a [clinician-scientist](#), with a focus on work to enhance life and to improve the health of the community. This new category is modelled on the [Emerging Researcher category](#).
- **NEW SAYAS as a new prize sponsor:** The South African Young Academy of Science (SAYAS) is the new prize sponsor for the [TW Kambule-NSTF Emerging Researcher category](#). Prizes of R20 000 each will be awarded to the two winners to supplement their research funding.
- **A prize for an established category:** The [TW Kambule-NSTF Researcher category](#) now has a prize sponsor for the first time, which is proSET (the Professional Bodies and Learned Societies sector of the NSTF). proSET

previously sponsored the prizes for the Emerging Researchers. The prize money is R20 000 to supplement the winner's research funding.

### Terms and Conditions:

1. The NSTF has decided to tighten up the timelines to receive registrations and completed nominations. No late entries will be accepted. Extensions to the closing date will only be granted on application in writing where force majeure circumstances apply. Where, at the closing date, the number of nominations are considered by the adjudication panel to be insufficient, either overall, or in certain categories, an appropriate extension will be announced.
2. Please read the [Terms and Conditions](#): 'Note 1' under section 2, subparagraph 2 was added last year, and spells out category-by-category how previous winners might approach a further nomination. See point (1f) in particular which deals with the case where a member of a nominated team has been a previous winner.
3. There are no changes to the criteria of established categories.
4. Last year the [Engineering Research Capacity Development Award](#) – sponsored by Eskom was broadened to allow for teams to be nominated, and for engineering capacity development to be recognised, because this is the foundation for developing engineering research capacity. The framework of the award remains the same.

## The NSTF's vision

A transformed country where SET and innovation contribute to a high quality of life for all who live in South Africa, where the profile of SET professionals is representative of the population's profile and where the education system is effective, particularly in terms of performance in SET subjects and promoting innovation.

The NSTF Awards are one of the ways in which the NSTF strives to realise its vision.

## Awards nomination process

This is a *two-stage* [nomination process](#):

### **Stage 1 – Register a nomination by Thursday 15 December 2022**

1. Please note that the [registration of a nomination](#) is only the *beginning* of the two-stage nomination process. When you register a nominee, the NSTF Office will respond with the official category nomination form, to be completed by 3 March 2023 (Stage 2).
2. Notify the nominee that you intend to nominate him/her/them (team/organisation). *Ensure that you receive their agreement to participate.*
3. Complete and submit the online [registration](#). The *nominee* will receive an email notification from [awards@nstf.org.za](mailto:awards@nstf.org.za) confirming receipt of the registration of their contact details. *Please alert the NSTF Office at [awards@nstf.org.za](mailto:awards@nstf.org.za) should the nominee not receive this notification and the relevant forms (the subject line says: 'Subscription Confirmation').*

### **Stage 2 – Submit completed nomination documents by Friday 3 March 2023**

- Ensure that the fully completed nomination form/s that you received from the NSTF office are emailed to the NSTF before the final deadline and that you *receive a confirmation from the NSTF Office.*
- Please note that planning and time are required to complete the nomination document. Hence there is a two and a half months period (December to March) provided for this preparation.

## Awards categories

**Full title of categories:** All the awards are *‘for an outstanding contribution to science, engineering and technology (SET) and innovation in South Africa...’* (The complete title of each award starts with this wording in place of “contribution”.)

1. <a href="#">Individual Awards</a>	<p>a) <b>Lifetime Award</b> – contribution over 15 years or more</p> <p>b) <b>TW Kambule-NSTF Researcher Award</b> – contribution through research and its outputs over a period from 6 years up to 15 years of research work from the commencement of the research career, predominantly in SA (Prize Sponsor: <a href="#">proSET</a>)</p> <p>c) <b>TW Kambule-NSTF Emerging Researcher Awards</b> – contribution through research and its outputs over a period of up to 6 years of research work from the commencement of the research career, predominantly in SA (Prize Sponsor: <a href="#">SAYAS</a>)</p> <p>d) <b>Management Award</b> – contribution through management of SET and innovation and related activities over the last 5 to 10 years in SA</p>
2. <a href="#">Engineering Research Capacity Development Awards</a>	– contribution by an individual or a team over the last 5 to 10 years (Sponsor: <a href="#">Eskom</a> since 2003)
3. <a href="#">NSTF-Water Research Commission (WRC) Award</a>	– contribution by an individual or an organisation towards sustainable water management, knowledge generation and solutions over the last 5 to 10 years (Sponsor: <a href="#">WRC</a> since 2017)
4. <a href="#">NSTF-SAMRC Clinician-Scientist Award</a>	– contribution through research and its outputs over a period of up to 6 years of research work from the commencement of the research career, predominantly in SA, and focussed on work to enhance life and to improve the health of the community (Sponsor: <a href="#">SAMRC</a> )
5. <a href="#">Green Economy Award</a>	– contribution by an individual or an organisation towards achieving biodiversity conservation, environmental sustainability and a greener economy over the last 5 to 10 years
6. <a href="#">Data for Research Award</a>	– contribution by an individual or a team for advancing the availability, management and re-use of research data
7. <a href="#">Innovation Awards</a> – for innovations and their research and/or development	<p>a) <b>Corporate Organisation</b> – contribution by an individual or a team over the last 5 to 10 years</p> <p>b) <b>SMME</b> – contribution by an individual or a team in an SMME over the last 5 to 10 years</p>
8. <a href="#">Communication Award</a>	– contribution for outreach and creating awareness of SET and innovation by a team or individual over the last 5 years
9. <a href="#">Non-Governmental Organisation Award</a>	– contribution by a NGO including technology transfer, and education and training activities over the last 5 to 10 years
10. <a href="#">Special Annual Theme Award</a>	– awarded according to criteria in any of the categories. For 2022/2023 this Award is made for <i>an outstanding contribution to SET and innovation from research and development in the Ocean Sciences for Sustainable Development in South Africa.</i>

## About the NSTF

The National Science and Technology Forum (NSTF), established in 1995, is a broadly-representative stakeholder body for all science, engineering and technology (SET) and innovation organisations in South Africa, which seeks to influence policy formulation and delivery.

The NSTF Awards are unique in SA, recognising the outstanding contributions of individuals and groups to SET and innovation.

The science bursaries page provides information on bursaries and bursary providers for science, engineering and related studies.

STEMulator.org attracts learners and students to the exciting world of science, technology, engineering and mathematics (STEM). It provides a virtual world full of stimulating content to excite and inform the youth, including STEM career guidance. Established under the auspices of the NSTF proSET membership sector (*Professionals in science, engineering and technology*).

### Disclaimer

The NSTF has taken all practical measures to ensure that the material contained in this newsletter is correct. The NSTF reserves the right to make changes as it deems necessary.

### Privacy

Registration details submitted to the NSTF will be treated confidentially and will only be used by NSTF to communicate with its members and subscribers.
