

2026 proSET General Meeting (GM)

Membership Report

Total number of proSET sector members

- The NSTF proSET Sector currently has a total number of [51 professional bodies and learned societies](#) as members

Total number of new proSET sector members (since the 2025 GM)

- Below are the three new member organisations since the last GM:
 1. [South African Institute of Marine Engineers and Naval Architects - SAIMENA](#)
 2. [South African Medical Association \(SAMA\)](#)
 3. [Southern African Society for Human Genetics \(SASHG\)](#)

Total number of resigned proSET sector members

- Below are the two member organisations that resigned since the last GM:
 1. [Society for Asphalt Technology \(SAT\)](#)
 2. [South African Society for Animal Science \(SASAS\)](#)

Total number of membership cancellation

- Membership for the two organisations below was cancelled due to unpaid membership fees for the 2024-2025 and 2025-2026 financial years despite several attempts from the NSTF office to get payment:
 1. [South African Science Olympiad \(SASO\)](#)
 2. [Foundation for English, Mathematics, Science Sports and Innovation of South Africa \(FEMSSISA\)](#)

Total number of organisations invited

- A total number of 5 organisations were invited to become members under the proSET sector. Three organisations joined thus far as listed above (highlighted in yellow):

1. South African Geomatics Institute (SAGI)
2. South African Society of Cardiovascular Intervention (SASCI)
3. South African Institute of Marine Engineers and Naval Architects (SAIMENA) - re-invited
4. South African Medical Association (SAMA)
5. Southern African Society for Human Genetics (SASHG)
